# Cable and Connectivity Solutions for your industry

## CUSTOM OVERMOLDED CABLE ASSEMBLIES

At 3-Ci Manufacturing we use a solution-based approach to Custom Cable Assembly. Work with our experienced Solutions team to bring your designs to life and ensure that your connectivity needs are met efficiently and affordably.

## 3-Ci MACHINING

3-Ci is equipped with a full in-house machine shop including CNC lathes, waterjet, mills, and more. 3-Ci Machining was conceived to facilitate custom cable and connectivity requirements of our customers.

## CONNECTOR AND RAW CABLE SALES

We can supply both the cable and the connectors needed for a quick field repair to help reduce downtime until the damaged cables can be sent back to us for repair or replacement.

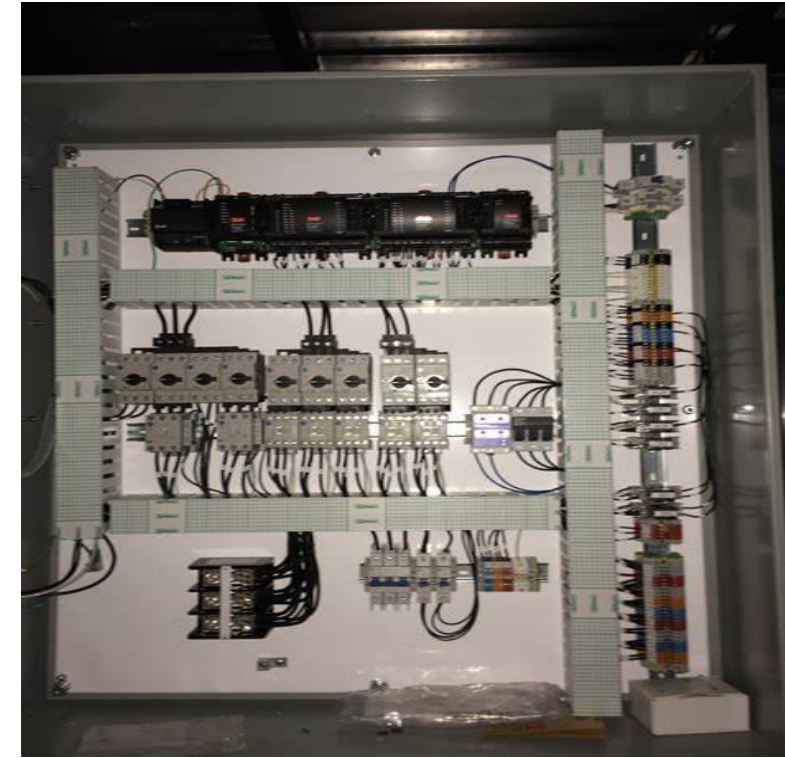

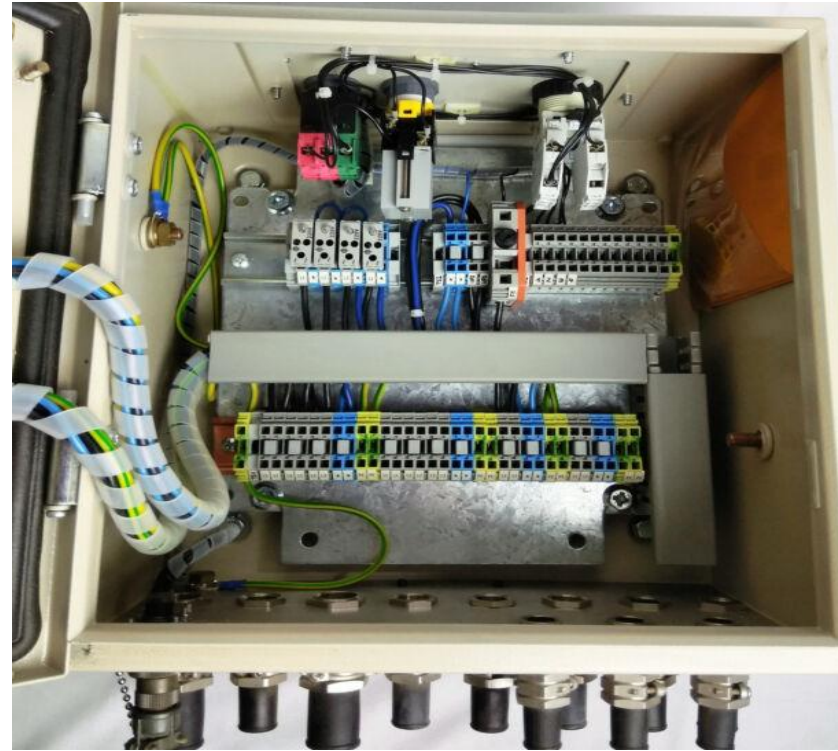

## RESEARCH, DEVELOPMENT, & ENGINEERING

We are constantly pushing boundaries and thinking outside the box. If you've got an idea, we can help make it a reality.

## Box Builds, Enclosures, or Stand Alone

At 3-Ci we are aware of the overall complexities of system design for all types of equipment. Our highly experienced solutions team will work with you to help bring your Electrical Panel & Enclosure projects from the very first steps of design to completion with an emphasis on efficiency, affordability, and quality in design. We are devoted to helping our customers get exactly what they are looking for when it comes to an existing product or creating something entirely new from the spark of an idea lingering in your mind. We have the ability to supply a complete retrofit or new design system, tailored to our customer's needs and specifications.

# Custom Multi-blocks

3-Ci Multi-blocks allow for multiple signal distributions from one fixed point in a compact format.

This allows the blocks to be affixed at numerous vantage points based on customer requirements.

Multi-blocks give the flexibility of signal extension from PLC to the block and from the block out to fixed connection points.

# Products

## CUSTOM MULTIBLOCK SOLUTIONS

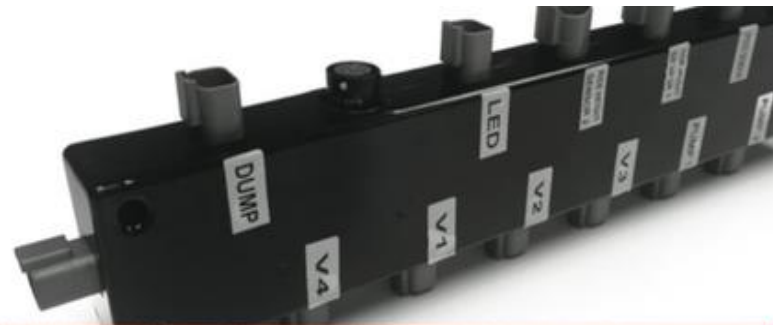

## REELS (INCLUDING GROUND REELS)

3-CI IS DEDICATED TO PROVIDING CUSTOM MACHINED AND MANUFACTURED PRODUCTS that withstand the harsh environments of industry. Our customers have a great deal of input into the design of our custom reels as their application or requirement needs. Signal or power cable reels are just some of the many versions we produce. Our ground reels boast many strong features including grounding clamps, a mounting bracket which can be easily mounted, and a robust locking pin to ensure quick and secure attachments of cable.

OUR ONGOING RESEARCH AND DEVELOPMENT WITH CUSTOMERS FOCUSES ON PROVIDING SOLUTIONS FOR ANY POTENTIAL CONCERNS THEY MAY HAVE

## MINING OPERATIONS

REDUCED FAILURE RATES RESULT IN LONGEVITY WHICH EQUATES TO TIME AND MONEY SAVED

# INNOVATION! YOU DREAM IT WE DESIGN AND BUILD IT!!

3-CI Manufacturing products and services are designed to address industrial connectivity needs.

Our rugged over-molded cable assemblies serve some of the largest industries in the world and can be found in some of the world's most challenging applications.

From deep sea exploration to aerospace testing, 3-CI Manufacturing is your one-stop shop for cable and connections.

The proof is in our commitment.

We have taken the time to select the right machinery and materials and invest in the right people.

# Manufacturing Built for Industry, Designed for Defense

A proud Canadian-owned and operated company, and the leader in the industry regarding all things connectivity.

If you plug in or connect to it, we are the place to go for **BEST** in industry **Products, Prices, Services, Turn around time, and Delivery.**

Working with **3-CI** enables us to provide you with the best in quality wires, connectors, cables, cable assemblies, harnesses, parts, enclosures, and repairs.

From inception to conclusion our in-house engineering team with over 20+ years of industry service excellence and experience, sales, and support, we have you covered.

We use our expertise to help clients get what they need and want the first time every time.

# THANK YOU
